## Law Enforcement Handgun Instructor Course

The Absolute Dynamics Handgun Instructor Course is a premier firearm instructor certification program. During instruction, students will learn how to safely create, plan, and present course material and live fire training on the range. Students will also learn through lecture, demonstration, and live fire exercise, current concepts and principals relative to weapons manipulation, firearm tactics, methods of instruction, remediation techniques, and many advanced skills associated with law enforcement handgun tactics. This 6 day firearm instructor course, will have the newly certified instructor confident in his/her ability to qualify, train, and empower an officer with crucial techniques and efficient movements. This will not only assist them in passing state qualifications, but improve their ability to defend life during lethal force encounters.
